Dear Secretariat,

It is my great pleasure to submit the National Report of the Republic of Korea as a Contracting Party on the national implementation of the Ramsar Convention.

This report is a result of close cooperation between the Ministry of Environment and its partner organizations in wetland conservation and wise use, including the Ministry of Oceans and Fisheries, local governments, research institutes, civil organizations and local communities.

I hope that this report will serve as useful data on the implementation of the Convention.

Sincerely yours,

Sung-goo Kang (PhD)
