Sweden's National Report about implementing the Ramsar Convention

The Swedish Environmental Protection Agency has the pleasure to present the attached Swedish report on the implementation of the Ramsar Convention on Wetlands to the Secretariat. We have focused on reporting measures taken during 2023-2024, but more information is provided in some cases. We have not used the voluntary sections.

Decision on the content in this letter is registered in the Swedish EPA's digital document handling system.

On behalf of the Swedish EPA
